WEBINAR

Event
11.10.14

This webinar was originally presented on November 10, 2014.

President Obama issued Executive Order 13658 on February 12, 2014 raising the minimum wage for workers on many government contracts and subcontracts to $10.10 per hour ($4.90 per hour for tipped employees). The Department of Labor published final regulations in the Federal Register on October 7, 2014 implementing the Executive Order.

- The minimum wage takes effect on contracts/subcontractors and "contract like" instruments that are entered into or solicited on or after January 1 of 2015.
- It applies to many, but not all, contracts and subcontracts, and to many, but not all, workers working on or "in connection" with covered contracts and subcontracts.
- It is indexed to inflation and adjusted annually.
