Overview

Michael Steele is a member of Fisher Phillips' Executive Leadership Team and leads the firm's Information Technology Team. Michael and his team provide the technology, innovation, and leading-edge solutions to the firm by empowering our clients and lawyers. Fisher Phillips maintains a comprehensive Information Security Program which utilizes the ISO 27001 standard to ensure the confidentiality, integrity, and availability of Firm and client data through the implementation of physical and logical security controls throughout multiple domains of Cybersecurity. The successful and recognized partnership of Information Technology, Knowledge Management, Marketing, Finance, and other operational departments sets Fisher Phillips apart.

Michael has extensive experience designing innovative technology solutions for law firms and ensuring systems remain highly secure and available. Michael is also an active member of multiple CIO Roundtables and Advisory Boards.

Michael serves on the firm's Innovation Committee.

Michael is also a member of:

- Association of Legal Administrators
- Atlanta Association of Legal Administrators
- International Legal Technology Association (ILTA)
- International Systems Security Association (ISSA)
