WILLIS TOWERS WATSON PROUDLY SPONSORS

2016 CONSTRUCTION SAFETY EXCELLENCE AWARDS

2016 SAFETY AWARDS BREAKFAST
MARCH 10, 2016

AGC of America
THE ASSOCIATED GENERAL CONTRACTORS OF AMERICA
Quality People. Quality Projects.

Willis Towers Watson

THANK YOU for your attendance today as we celebrate the progress of safety in the construction industry. Willis Towers Watson has proudly sponsored the safety awards breakfast to recognize AGC members and chapters for outstanding safety performance since 1986. General contractors, construction managers and specialty contractors have made great strides over the last 30 years in improving working conditions on America's construction sites and protecting the industry's most valuable resource—our workers.

WELCOME

Charles L. Greco, President, Associated General Contractors of America

Paul Becker, Chairman,
North America Construction,
Willis Towers Watson

BREAKFAST KEYNOTE ADDRESS:

David Walls, President and CEO,
Austin Industries, Inc.

PRESENTATION OF THE 2016 CONSTRUCTION SAFETY EXCELLENCE AWARDS

Charles L. Greco, President, Associated General Contractors of America

Paul Becker, Chairman, North America Construction, Willis Towers Watson

- Construction Safety Excellence Awards
- Willis Towers Watson/AGC Grand Award

WILLIS TOWERS WATSON

Willis Towers Watson is a leading global advisory, broking and solutions company that helps clients around the world turn risk into a path for growth.

We design and deliver solutions that manage risk, optimize benefits, cultivate talent and expand the power of capital to protect and strengthen institutions and individuals. Our unique perspective allows us to see the critical intersections between talent, assets and ideas—the dynamic formula that drives business performance.

We know how companies can unlock potential through effective risk management. Our clients rely on us to craft strategies to quantify, mitigate and transfer risk, taking advantage of our specialist industry experience and unparalleled market know-how. The result is a new way to embracing risk that drives superior results.

THE ASSOCIATED GENERAL CONTRACTORS OF AMERICA

AGC recognizes the importance of a collaborative work process to improve jobsite safety and expand the use of cutting-edge technologies. AGC has partnered with numerous industry groups to accomplish this mission and actively participates in regulatory construction safety and health activities through partnerships, alliances and member appointments to federal agencies and consensus standard committees.

AGC/OSHA PARTNERSHIPS— PARTNERSHIPS SAVE TIME, MONEY, AND LIVES

AGC actively strengthens the relationship with the Department of Labor (DOL) and the Occupational Safety and Health Administration (OSHA) by participating in the Roadway Work Zone Safety and Health Alliance. As partners, AGC works to educate and provide resources on roadway safety. These resources will help protect employees, including Spanish-speaking and other high-risk or “hard-to-reach” workers, from both roadway and general health and safety hazards.

AGC currently has representation on OSHA's Advisory Committee on Construction Safety and Health (ACCSH), which advises OSHA on policies and practices that affect construction workers on jobsites and protect them from hazards. AGC continues to participate on the American National Standards Institute (ANSI) A-10 Accredited Standards Committee on Safety in Construction and Demolition Operations and the A-14 Committee on Ladder Safety. AGC, the Army Corps of Engineers and the Dredging Contractors of America founded the Council for Dredging and Marine Construction Safety.

2016 CONSTRUCTION SAFETY EXCELLENCE AWARDS

The Willis Towers Watson/AGC Construction Safety Excellence Awards (CSEA) program is the industry's elite safety excellence awards program for companies of all sizes and occupational divisions. CSEA recognizes companies that have developed and implemented premier safety and loss prevention programs and showcases companies that have achieved continuous improvements and maintenance of their safety and health management systems.

CSEA recognizes those construction companies that excel at safety and health performance, examining each candidate's commitment to safety and occupational health management and risk control.

ELIGIBILITY & SUBMISSIONS:

AGC members eligible for the awards can submit application directly to AGC of America or through an AGC Chapter.

This year's nominees had to submit:

- Completed application forms;
- One-page description of why the company should receive a safety award; and
- Two-page description of the company's safety & health program.

IN ADDITION, EACH COMPANY WAS JUDGED UPON:

- Overview of company safety program;
- Increased employee involvement in safety;
- New programs, procedures or resources a company uses to promote safety;
- Management's commitment to safety;
- Specific unique activities the company does or provides to promote safety; and
- No fatality in the past year.
