

Vaccination Policy

Purpose

Consistent with its duty to provide and maintain a workplace that is free of recognized hazards, the **COMPANY NAME** (“Company”) has adopted this policy to safeguard the health and well-being of employees and their families; our customers and visitors; others who spend time in our facilities; and the community from infectious conditions that may be mitigated through an effective vaccination program. This policy is intended to comply with all state and local laws. It is based upon guidance provided by the Centers for Disease Control and Prevention (CDC) and public health and licensing authorities, as applicable.

Scope

This policy applies to all employees. It does not apply to customers and visitors. The policy applies to vaccinations identified by the Company’s Safety Committee.

Policy

The Company strongly encourages all employees to receive the designated vaccines before expiration of the corresponding deadline. Those who do not timely establish that they have received the vaccine must either (a) wear an approved face-covering at all times while in the workplace; or (b) obtain an approved exemption from the requirement to wear an approved face-covering in lieu of being vaccinated.

To establish that they have received a vaccination, employees may present written evidence of immunization from the designated site or from another authorized healthcare provider.

The Company will assist employees by providing on-site access to immunizations or identifying sites where employees may receive the vaccinations. The Company will pay for the cost of the vaccination.
