In an effort to boost the government's response to the COVID-19 coronavirus outbreak, the U.S. House of Representatives passed the Families First Coronavirus Response Act on Saturday, an economic stimulus plan aimed at addressing the impact of COVID-19 on Americans. It includes many provisions which apply to employers, such as paid sick leave for employees impacted by COVID-19 and those serving as caregivers for individuals with COVID-19.

This webinar will discuss the bill's provisions, its ramifications, and how employers can comply if it becomes law.
