WHAT'S NEXT FOR UBER DRIVERS' LAWSUIT?

News

Aug 19, 2016

The article, "What's Next for Uber Drivers' Lawsuit?" featured in *San Francisco Chronicle*, discussed how a federal judge's rejection of a class-action settlement leaves the door open for Uber and the drivers to still try to settle out of court, as the question of whether the drivers are employees or independent contractors continues to swirl.

Jason Geller weighed in on the case.

"I think Uber will take a hard look to try to get it resolved (out of court) so the employment status won't be litigated," said Jason. "A settlement resolution that provides the drivers remain as independent contractors is a huge victory for them."
