

Potential Ramifications of a Trump White House

News

2.28.17

Prior to Donald Trump's election, the restaurant industry tended to have a negative outlook on business conditions. However, with Trump now in office, restaurant industry insiders have a more favorable perspective of the future.

In the article, "Potential Ramifications of a Trump White House," featured in *FSR Magazine*, Partner Alden Parker gives his take on the changes that will likely occur on the state and local levels.

"State and local governments will likely continue to increase regulations on the restaurant industry, even as Washington looks to usher in regulatory relief," says Alden.
