

Workplace Law Regs On White House Chopping Block

News

2.28.17

Last week, President Trump signed an executive order requiring every federal agency to establish a “Regulatory Reform Task Force” to eliminate what he considers to be unnecessary and burdensome regulations hampering the American economy.

In the article, "Workplace Law Regs On White House Chopping Block," featured on *Lexology*, Richard Meneghello gives a summary of the executive order and identifies the seven regulations to be addressed.
