

This Map Shows Which U.S. States Make it Easiest to Pay Women Less Than Men

News
3.01.18

Kathleen Caminiti was quoted in the *CNBC* article “This Map Shows Which U.S. States Make it Easiest to Pay Women Less Than Men.” This article addresses the difference in the progress of pay equity laws across the United States.

Kathleen explains that the Fisher Phillips “Pay Equity Interactive Map” was made to “provide a place for companies and their counsel to readily access the relevant pay equity laws.”
