Our September edition reported on why the U.S. Supreme Court's recent bag check decision did not necessarily save all retailers that perform end-of-shift security screenings from wage and hour liability. Visit our website to read an exclusive follow-up article summarizing a major victory in the bag check battle that was just scored by Apple, Inc. in a California federal court. Click [here](#) or go to fisherphillips.com/california-employers-win-latest-round-in-bag-check-battle.
