Both rules become effective on Monday, March 24, 2014. Federal contractors and subcontractors will be required to comply with most of the requirements of the new rules by this date. However, the rules give contractors additional time to comply with requirements in subpart C, which relates to affirmative action programs (AAPs). Contractors with AAPs in place on March 24 may maintain them until the end of their current AAP year, allowing them to delay compliance with the affirmative action requirements of the new rules until the start of their next AAP year.

Companies seeking additional information or compliance assistance should call OFCCP's toll-free helpline at 1-800-397-6251, send an e-mail to OFCCP-Public@dol.gov or visit [OFCCP's web site.](#)
