

Employer Steps to Mitigate Telework Injury Issues

Publication

12.10.20

In their bylined article published by *Law360*, **Meghan Delaney** and **Daniel O'Brien** discuss some of the significant safety issues that can arise with remote employees. They explain that it is important for employers to be aware of the hazards and risks posed to remote employees especially because they can present workers' compensation concerns. The authors go on to describe some of the steps employers can take to help gain some control over these potential problem areas.
