

EHS Today Captured Highlights from the 2020 Safety Leadership Conference

News

11.11.20

EHS Today recapped some of **Travis Vance's** insights from his presentation at the 2020 Safety Leadership Conference. The publication noted that during his session, Travis explained the rapidly changing regulations and legal requirements companies have been facing during the COVID-19 pandemic. The publication went on to provide some of the highlights from the lively Q&A part of his session during which Travis answered workplace safety questions from the audience.
