

Human Resource Considerations In China

Publication

3.29.14

Annie Lau's blog post "Human Resource Considerations in China," was posted on TLNT.com.

When people think about the reasons they have left an organization or have not accepted an offer with a company, one of the key common factors is perhaps something one might not expect: development, or rather, the lack thereof, Annie wrote. Compensation, while certainly important, is often not the deciding factor in the decision to work or stay somewhere.
