

Technology And Your Employees: How Snapchat, Texting and Instagram Are Transforming the Modern Workplace

Publication

7.09.14

Rich Meneghello's article "Technology And Your Employees: How Snapchat, Texting and Instagram Are Transforming the Modern Workplace" was featured on *Oregon Restaurant and Lodging Association Lodging News*.

Rich reminds employers that the only constant with technology is that it is constantly changing which puts pressure on them to keep up with the ways technology impacts the workforce. He provides a few practical lessons to put to good use, so employers do not get left behind.
