12.05.14

Daniel Perkin's article "Top Five Personnel Mistakes ..." was featured on *ColoradoBiz* on December 5, 2014.

So, you've taken the plunge: You left corporate America to start your own business. You've weathered the start-up phase and now are expanding and hiring your first employees. Regardless of your industry, personnel matters present difficulties. Fortunately, with a bit of planning, business owners can avoid common pitfalls.

In the article, Daniels addresses five personnel mistakes that employers tend to make.

Mistake No. 1: Inadequate Record-Keeping

Mistake No. 2: Failing to Hire Employees in Accordance with Your Business Needs

Mistake No. 3: Failing to Thoroughly Vet Job Applicants

Mistake No. 4: No Employee Handbook

Mistake No. 5: Holding on to a Bad Hire
