

What Contractors and Subcontractors Need to Know About COVID-19 Vaccines

Publication

1.27.21

In a bylined article published by *Construction Executive*, **Micah Dickie** discusses what construction employers need to know about the rollout of the COVID-19 vaccine. He talks about when vaccines are expected to become available to construction employees and explains that there are situations where employers are permitted to require their workers to be vaccinated. Micah then discusses some of the accommodation considerations that employers must consider when dealing with workers who cannot be vaccinated due to a disability.
