In the article, "To Change for the Better: a Primer," featured in *American Bar*, Partner Wendy McGuire Coats discusses the onerous process it takes to amend the Constitution.

"To a large degree, modern jurisprudence and legal education focuses on the amendments in place and not on attempts to modify, add, or repeal amendments. Maybe it is the tenor of the current election cycle or the deepening divide between the major political parties' platforms, but movements to amend the Constitution are quickening and finding acceptance at the center of presidential politics."
