

How Your Workplace Scene Could Change Under New White House

Publication

12.06.16

In the article, "How Your Workplace Scene Could Change Under New White House," featured in *Columbus Business First*, Kevin Hess examines the impact of a Trump administration on the nation's employers. He focuses on eight areas - immigration, labor relations, data security, U.S. Supreme Court, pay equity, employment leave, workplace safety and wage and hour.

It is likely that each of these areas will experience changes, some more than others.
