THE INVISIBLE WORKFORCE

Pittsburgh Human Resources Association

Event

Apr 29, 2021

12:00 pm - 1:00 pm EDT

Fisher Phillips attorneys Brian Balonick, Raeann Burgo, Jay Glunt and Heather Steele were featured speakers at this webinar.

The success of your organization depends on effective management of remote workers. Are your remote workers visible, or invisible? Is the connection between the management of your organization and the invisible workforce best characterized as “remote,” in the sense that management does not know whether the workers are productive? Or are hurting? Or are organizing a union? Or are planning to leave? If these questions are on your mind, join us for this 60-minute webinar. Our speakers will help you understand risks, and will offer solutions.
