

## Online Training

**You want a one-stop solution to your HR training problems. An online system offering high-quality and legally compliant harassment/discrimination training for your entire workforce is just what you're looking for.**

Fisher Phillips works with a leading provider of online compliance training solutions and has helped to develop high quality web-based harassment prevention training courses. These courses can help you meet your goal of fostering a positive work environment, free from harassment and discrimination based on gender, race, disability, or any other protected class.

### **Fisher Phillips Content**

Fisher Phillips attorneys created all of the content for the program, so you can be sure they are accurate, comprehensive, and up to speed with the latest legal developments. Our courses were designed to be compliant in all 50 states, and also meet the requirements of California's AB 1825.

### **Flexible Content**

The customizable video-based training is viewable on work stations but is also iPad/Android tablet compatible. The program tracks learner progress & completion, and includes a policy acceptance form and a custom course certificate for each learner. The standard all-employee course runs 35 minutes, while the standard supervisor course runs 95 minutes. We also provide advanced courses for employees (1 hour) and supervisors (2 hours) that meet various state-mandated requirements.

### **Competitive Pricing**

The training material is priced on a volume discount schedule. Below are some pricing examples:

- 1-100 employees: \$24.95 per user
- 1-100 supervisors: \$29.95 per user
- Large organization with high volume can pay as little as a few dollars per user.
