Please join Fisher Phillips for our next Breakfast Briefing covering recent updates in Federal and Nevada labor and employment law. In light of the ever-evolving legal landscape, employers need to stay up-to-date on current legislation or risk facing litigation. From the conclusion of the state legislative session in June, to the continually-changing legal landscape at both the State and Federal level surrounding COVID-19, vaccines, and more, there are a number of changes and new legislation that employers need to keep top of mind as it relates to their workforce. To guide employers and in-house counsel through these recent updates, Lisa McClane and Marian Massey of Fisher Phillips will provide an overview of a few of the key changes that are certain to affect companies this year and beyond.

This program – tailored to HR professionals, in-house counsel and management – will navigate recent legislative changes and updates at both the State and Federal levels to help identify the best employment practices for your company.
