MANDATORY VACCINES FOR HEALTHCARE WORKERS: A STEPPING-STONE ON THE “PATH OUT OF THE PANDEMIC”

Publication
Oct 21, 2021

In a bylined article published by Medical Journal Houston, **Marilyn Higdon** discusses the Biden Administration’s sweeping vaccine mandate that will compel COVID-19 vaccinations for the majority of healthcare workers across Texas and the rest of the country. The article highlights what healthcare employers can expect and discusses some of the steps they should take in preparation for compliance.
