EVERYTHING EMPLOYERS NEED TO KNOW ABOUT OSHA'S MANDATE-OR-TEST EMERGENCY TEMPORARY STANDARD (ETS)

Event

Nov 8, 2021

2:00 pm - 3:30 pm EST

Cost: Complimentary

This is the most significant development for employers during the entire pandemic: OSHA just released its emergency standard requiring employers with 100+ employees to either mandate the vaccine or test their employees for COVID-19 on a weekly basis. You've turned to Fisher Phillips for guidance since the early days of the pandemic – and we're here for you once again.

Join us for what is bound to be our most popular event in our firm's history as leaders of our Workplace Safety and Vaccine Subcommittee teams walk you through the ins and outs of the emergency temporary standard and provide you with practical suggestions for managing this monumental moment. This complimentary 90-minute webinar will be highly interactive, so bring your burning questions and you'll leave the webinar equipped with all the knowledge you'll need to comply with OSHA's ETS.

If you have any questions, please contact [Brooke Cassens](#).
