

Attorney Authors Article on the Rise in Fake Vaccination Cards and What it Means for Healthcare Employers

Publication

1.18.22

Alexa Hanlon penned an article for *Medical Journal – Houston* on the rise of fake vaccination cards, including how widespread they are, what risks are involved for healthcare employers, how you can spot them, and what you can do about it when you find one.

“As a healthcare provider, your greatest concern is patient care, which has become exceedingly challenging with daily skyrocketing COVID-19 cases,” she wrote. “While increased scrutiny of vaccine cards is yet another administrative burden, in remaining alert to this global problem, you take another step in ensuring workplace safety and protecting patients amidst the pandemic.”
