CMS VAX MANDATE PRESENTS A DOUBLE-DOSE OF CHALLENGES: 10 STEPS TO COMPLY AND RETAIN STAFF

Event

Feb 2, 2022

12:00 pm - 1:00 pm EST

Healthcare employers covered by the CMS vaccination mandate may be wondering how to deal with two massive challenges: not only how to comply with the law's rapidly approaching deadlines, but how to do so in a way that retains your much-needed staff during this very demanding time.

This interactive webinar, presented by leaders of our Healthcare Team and Vaccine Subcommittee, will offer the 10 best steps addressing both the legal and practical issues to consider with respect to fulfilling CMS requirements. We'll tackle such issues as how to handle medical or religious requests, what to do if an employee raises a "personal conscience" objection to vaccination, fielding questions regarding vaccination boosters, considerations related to non-employee staff, best practices to prevent privacy and confidentiality violations, and also key recruiting and retention suggestions.

The webinar will also review a one-stop model toolkit offered by Fisher Phillips that includes important policies and communication tools to guide you on your path.

This program has been approved for HRCI and SHRM credit.
