Fisher Phillips, one of the country's preeminent labor and employment law firms representing employers, has been recognized for "delivering superior client service" in *The BTI Midsize Client Service Masters*. Identified by corporate counsel for providing personal and customized legal services, the 50 law firms on this year's list are honored for their client service prowess, including excellent communication and a commitment to understanding their clients' needs.

Earlier this year Fisher Phillips was recognized as an "unparalleled leader in client service" in the *BTI Client Service A-Team: Survey of Law Firm Client Service Performance 2022*. The comprehensive survey, created after performing in-depth interviews with more than 350 corporate counsel, revealed that Fisher Phillips' client service is in the top 20 percent of law firms serving the world's largest clients. The firm was a leader in 2 of the 17 activities clients value most – *Leader in Innovation* and *Keeping Clients Informed* – which are considered among the most important, and have the most influence on hiring and rate decisions in driving superior client relationships.

In addition to the firm's recognitions, J. Hagood Tighe was named to BTI Consulting Group's list of 2022 *Client Service All-Stars*. He was also awarded BTI's MVP distinction, an honor given to lawyers named to the list in consecutive years.
