

## Attorneys Author Article for CPO Magazine on the Need to Reassess Employee Data Collection

Publication

10.31.19

Employers are collecting more employee data than ever as state legislatures contemplate passing privacy laws fashioned after the GDPR. In a bylined article for *CPO magazine*, Risa Boerner and Jeff Csercsevits, outline new privacy legislation, portend what additional laws might come to pass and recommend steps employers should take now to get ahead of the curve before they have a head-on collision with privacy laws.
