

## Six Steps to Rework How You Manage Remote Employees

Publication

5.20.20

In her article for *TLNT*, **Letitia Silas** provides easy steps that workplace leaders can take to effectively manage remote teams and keep employees engaged. Among her recommendations are: establishing virtual work and meeting rules, tailoring work expectations and goals to remote capabilities, keeping lines of communication open and connecting one-on-one weekly. Letitia also suggests selecting and sticking to an efficient and functional technology platform for your team and establishing remote work rules early on.
