Event

Apr 12, 2023

2:00 pm - 3:00 pm EDT

Whether your business is an early adopter to artificial intelligence or you're still unsure whether to dip your toe in the AI waters, we have the perfect place for you to both stay up to speed and join the conversation. The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations.

Join these 30-minute rapid-fire biweekly sessions to hear first-hand and discuss the latest AI trends and breaking news. You'll have a chance to weigh in on the discussion and interact with the hosts and panelists during these engaging sessions. Up for discussion during our launch: the leaders of Fisher Phillips' Artificial Intelligence Team will review the results of our recent Flash Survey on how employees view the current state of AI in the workplace.

The firm will be submitting this program for HRCI and SHRM credit.
