Join Fisher Phillips for the **AI Strategies @ Work Conference**, where thought leaders and industry experts from across the nation will converge to explore the intersection of artificial intelligence and the modern business environment. We'll meet in Washington, D.C. – just steps from where lawmakers and regulators are debating AI – to discuss how impending regulation will impact businesses and human capital management. We'll also explore AI's transformative impact across various industries by providing practical use case scenarios, highlighting how to seize competitive advantages, and showing how you can position yourself as a leader in the era of AI.

We have limited space in order to foster interactivity and intimacy – registration will be capped, so register today!

Who Should Attend?

The AI Strategies @ Work Conference is designed for professionals seeking to gain a competitive edge in the evolving landscape of work – whether you're at the forefront of the AI revolution or want to be. This conference is ideal for:

- CEOs, C-Suite, Business Leaders, and Executives
- Inside Counsel and Compliance Experts at all levels
- HR and Talent Management Professionals
- Industry Association Leaders

Who Will Be Presenting?

You'll learn from experts at the forefront of AI and business during our jam-packed sessions. Government regulators will shed light on what's to come, AI product experts will provide glimpses behind the scenes into this technology in practical terms, and industry and academic thought leaders will give you the tools to allow you to put AI to use in your business right away. And of course, attorneys from Fisher Phillips will help steer the conversation and provide their legal analysis.

Agenda

Wednesday, September 27

2:00 PM to 5:00 PM

AI Laboratory Open House

Immerse yourself in the world of innovation at our exclusive AI Laboratory Open House, held the afternoon before the conference begins for early arrivers. This unique event offers attendees a hands-on opportunity to explore cutting-edge AI technologies and witness products in action. You'll meet with top AI product experts and experience firsthand the transformative power of AI solutions tailored to your business. Engage in live demonstrations, ask questions, and gain valuable insights into the latest advancements shaping the future of work.
