Join Fisher Phillips for the **AI Strategies @ Work Conference**, where thought leaders and industry experts from across the nation will converge to explore the intersection of artificial intelligence and the modern business environment. We'll meet in Washington, D.C. – just steps from where lawmakers and regulators are debating AI – to discuss how impending regulation will impact businesses and human capital management. We'll also explore AI's transformative impact across various industries by providing practical use case scenarios, highlighting how to seize competitive advantages, and showing how you can position yourself as a leader in the era of AI.

We have limited space in order to foster interactivity and intimacy – registration will be capped, so register today!

WHO SHOULD ATTEND?

The AI Strategies @ Work Conference is designed for professionals seeking to gain a competitive edge in the evolving landscape of work – whether you're at the forefront
