FISHER PHILLIPS AI WORKPLACE FORUM: HOW IS HR USING AI – AND HOW SHOULD HR USE AI?

Event

Aug 16, 2023

2:00 pm - 2:30 pm EDT

The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations. Join our next biweekly 30-minute rapid-fire session to hear firm leaders discuss the latest AI trends and breaking news. You'll have a chance to weigh in on the discussion and interact with the hosts and panelists during these engaging sessions.

Up for discussion this week: perhaps no field will be transformed by AI quite like human resources, as recruiting, hiring, and performance management are already being disrupted. How are HR functions across the country using AI – and how should they be using it?

The firm will be submitting this program for HRCI and SHRM credit.
