As the legal landscape and workplaces constantly fluctuate, it's imperative to stay on top of policy changes and anticipate how they might affect the workplace. This educational session will provide employers with important legal updates and how to prepare for possible ramifications, along with keynote remarks from an experienced General Counsel.

We'll discuss the following significant topics:

- The impacts of legalizing recreational marijuana
- Affirmative Action & DEI programs since the Supreme Court's Harvard decision
- OSHA updates, including the electronic record-keeping rule
- Labor union/NLRB decision updates, including handbook implications
- Form I-9 changes and Immigration compliance updates

Join us for a continental breakfast, L&E legal updates, and best practice recommendations.
