The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations.

Join our next biweekly 30-minute rapid-fire session to hear firm leaders discuss the latest AI trends and breaking news. You'll have a chance to weigh in on the discussion and interact with the hosts and panelists during these engaging sessions. Up for discussion this week: just in time for holiday shopping, we're going to review the best books about artificial intelligence that will help you get a grasp on all things AI. This week's Forum will not only help you gain valuable knowledge, it can help you identify the best books to buy for your gift-giving needs this holiday season!

The firm will submit this program for HRCI and SHRM credit.
