FISHER PHILLIPS AI WORKPLACE FORUM: YOUR EMPLOYEES ARE HIDING THEIR AI USE FROM YOU

Event

May 22, 2024

2:00 pm - 2:30 pm EDT

The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment. The singular place where innovative business leaders will get on how AI will be impacting their operations. Join our next big 30-minute rapid-fire session to hear firm leaders discuss the trends and breaking news.

Up for discussion this week: A recent report revealed that three out of four workers are using AI at work – but most aren't telling the employers for fear they'll be replaced by robots! The good news is a huge opportunity awaits you, an untapped goldmine of skill and talent right under your nose. Join our panel this week to find out how you can bring this work into the light, support your workers, and unleash a new wave of efficiency and creativity at work.

The firm will submit this program for HRCI and SHRM credit.
