Event

Jun 11, 2024

10:00 am - 11:00 am PDT

Love is in the air. From Valentine's Day to Spring Fever to Sun Loving – according to recent research, it has likely found its way into your workplace. Even with the rise of remote work, office romances are commonplace, which illustrates the importance of setting expectations to minimize your legal risk – as well as the impact on employee morale – when relationships sour. You should be realistic when developing your policies, account for company culture, communicate your expectations with employees. This webinar will cover four key points to consider as you decide whether your current office relationships need to be revamped to reflect the modern realities of the workplace.

The firm will submit this program for HRCI and SHRM credit.
