

Federal Affirmative Action Plan Issues That Keep Contractors Up at Night

Event

6.06.24

11:30 AM — 12:30 PM PDT

Contractors are faced with a multitude of labor and employment issues. The Fisher Phillips Construction Team is here to help construction employers navigate the unique challenges you're facing no matter where you're located.

Join us for the fourth of a seven-part webinar series for the construction industry as we provide an overview of federal affirmative action plan issues that keep construction contractors up at night, including a deep dive into:

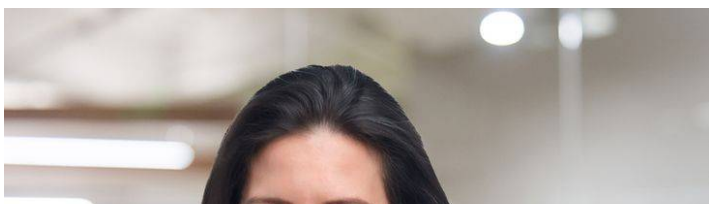

- What is the difference between state projects and federal projects and the related AAP requirements?
- When is a federal written affirmative action plan (AAP) required?
- What should a federal construction affirmative action plan contain?
- What actions should construction contractors be taking in addition to preparing a federal AAP?

We will highlight those issues that are most pertinent to contractors and, where appropriate, offer practical solutions to those issues.

If you have any questions, please contact **Monica Kharmatsky**.

*Fisher Phillips is committed to providing access to all of our events for disabled attendees. Automated closed captioning is available for all of our webinars. For other accommodation inquiries, please give us three business days advance notice prior to the scheduled event by contacting **Monica Kharmatsky**. Thank you.*
