The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations. Join our next biweekly 30-minute rapid-fire session to hear firm leaders discuss the latest AI trends and breaking news.

Up for discussion this week: The last few weeks have seen significant AI developments from Washington, D.C., that could soon impact employers. Both the Senate and the White House released key plans that could set the path for game-changing AI regulation of the workplace. Join a conversation with our firm's own D.C. specialist to get the inside scoop on what to expect with both of these developments!

The firm will submit this program for HRCI and SHRM credit.
