Event

11:30 AM — 12:30 PM PDT

Contractors are faced with a multitude of labor and employment issues. The Fisher Phillips Construction Team is here to help construction employers navigate the unique challenges you're facing no matter where you're located.

Join us for the sixth of a seven-part webinar series for the construction industry as we provide an overview of the immigration issues that keep contractors up at night, including a deep dive into:

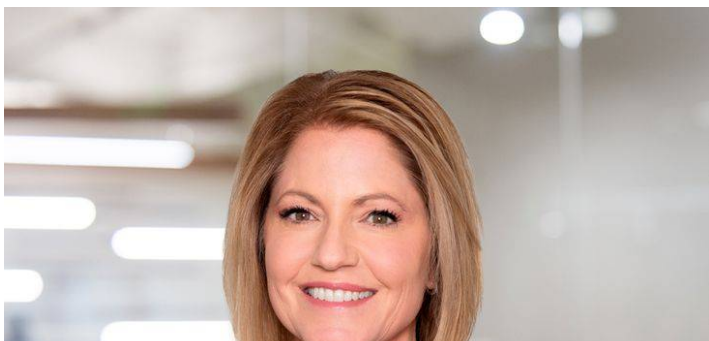

- Where to look when you can't hire a US workforce
- Work authorization/visa options for construction companies employing foreign nationals
- I-9 compliance to ensure you have proper work authorization for your entire workforce
- Pros and cons of E-Verify

We will highlight those issues that are most pertinent to contractors and, where appropriate, offer practical solutions to those issues.
