Event

8.14.24

1:30 PM — 2:00 PM EDT

The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations. Join our next biweekly 30-minute rapid-fire session to hear firm leaders discuss the latest AI trends and breaking news.

Up for discussion this week: We're fully immersed in the summer movie season, so what better time to discuss our favorite films about AI? Join a few of our firm's film lovers (who also happen to be members of our AI team) to get some spoiler-free reviews of classics and new favorites, recommendations for your next watch, and even a bit of bonus content to help you better understand how AI in film relates to today's world. Grab your popcorn and join us for this entertaining half hour.

The firm will submit this program for HRCI and SHRM credit.
