

HR Trend Talks: OSHA's National Heat Safety Rule

Event

8.21.24

12:00 PM — 1:00 PM EDT

Summer is in full swing, and OSHA is bringing the heat by issuing the first-ever national heat stress rule aimed at protecting workers from heat-related illnesses and fatalities. In Florida, HB 433, signed in April 2024, prevents local governments from requiring businesses to provide additional protections making OSHA's heat rule even more important to follow. Join Brett Owens and guests from Fisher Phillips as they discuss these new regulations and what Florida employers need to know to stay compliant.

This event serves as a virtual networking platform for HR professionals to exchange insights and share best practices with their peers. This one-hour session features a 30-minute conversation with Fisher Phillips Partner Brett Owens and distinguished guests. Following this discussion, participants will be guided into breakout sessions, providing opportunity to actively engage in conversations, exchange insights, and pose questions to fellow HR professionals.

Space is limited. Registration is required.

If you have any questions, please contact **[Christian Davidson](#)**.

*Fisher Phillips is committed to providing access to all of our events for disabled attendees. Automated closed captioning is available for all of our webinars. For other accommodation inquiries, please give us three business days advance notice prior to the scheduled event by contacting **[Christian Davidson](#)**. Thank you.*
