

Fisher Phillips AI Forum – AI Regulation Update with California Insider

Event

9.25.24

2:00 PM — 2:30 PM EDT

The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations. Join our next biweekly 30-minute session to hear thought leaders discuss the latest AI trends and breaking news.

Up for discussion this week: we're on the cusp of seeing new laws and regulations that will restrict the use of AI and force employers to take compliance steps. There are some proactive steps you can take now to get ahead of the game, and our own California insider will share his outlook and provide practical suggestions. What starts in California inevitably spreads across the country, so employers everywhere will want to attend!

If you have any questions, please contact **Paulina Lisicka**.

*Fisher Phillips is committed to providing access to all of our events for disabled attendees. Automated closed captioning is available for all of our webinars. For other accommodation inquiries, please give us three business days advance notice prior to the scheduled event by contacting **Paulina Lisicka**. Thank you.*
