IMMIGRATION LAW & ICE RAIDS/AUDITS: ESSENTIAL INSIGHTS FOR MANUFACTURING EMPLOYERS

Event

Mar 31, 2025

12:00 pm - 1:00 pm EDT

Recent data indicates that more than 3.2 million manufacturing industry jobs are filled by foreign-born workers, representing a jump of more than 20% since 2010, and more than 25% of the entire manufacturing industry workforce. Can you afford to play the odds with such a critical subset of individuals that drive your business objectives?

Manufacturers must be prepared for unexpected workplace-enforcement actions by the Department of Homeland Security (DHS). These enforcement actions, including Immigration and Customs Enforcement (ICE), Homeland Security Investigations (HSI), or Customs and Border Protection (CBP) audits and workplace raids, can disrupt operations, create civil and criminal liabilities, and significantly impact your team.

In this webinar, we will discuss the evolving immigration landscape and its implications for manufacturing employers. Learn how to prepare for ICE raids and audits, what you can do to educate your team, and best practices for conducting internal I-9 audits.

The firm is submitting this webinar for HRCI/SHRM credit.
