AI, DATA AND ANALYTICS CHAIR DISCUSSES CALIFORNIA'S NEW AI JOB BIAS RULES

News
Sep 30, 2025

In an interview with *Bloomberg Law*, **Dave Walton** shares his insight on California's new regulations targeting AI-powered job discrimination beginning Oct. 1, 2025. "It's kind of a backdoor way of mandating a bias audit," said Dave. "It's a big deal," given the California privacy agency's reputation as an aggressive regulator that asserts broad jurisdiction over companies doing any business in the state.
