# AUTOMATION, AUDITS & ASSESSMENTS: THE NEW CCPA COMPLIANCE TRIO

Event

Oct 21, 2025

9:00 am - 10:00 am PDT

Big changes are coming to California privacy law—and your compliance strategy needs to keep up. Starting in 2026, new CCPA regulations will take aim at automated decision-making technology, risk assessments, and cybersecurity audits. Join Fisher Phillips privacy counsel to learn what has changed for 2026, what it means for your business, and how to get ahead of the curve. We'll cover practical steps to strengthen your data practices, prepare for regulatory scrutiny, and future-proof your compliance program. If your organization touches consumer data in California (including job applicants and employees), this is one update you don't want to miss.
