DOING BUSINESS IN MEXICO: NAVIGATING THE T-MEC RENEGOTIATION

Event

Dec 9, 2025

2:00 pm - 3:00 pm EST

As discussions continue around the review and potential renegotiation of the United States – Mexico – Canada Agreement (USMCA/T-MEC), businesses operating in Mexico face growing questions about how these changes may affect labor obligations, enforcement processes, and cross-border competitiveness.

In this session, our team will examine how proposed updates to the agreement could reshape labor standards and strengthen enforcement under the Rapid Response Labor Mechanism (RRLM). We will also discuss what these developments may mean for employers, including compliance expectations, potential risks, and strategic considerations for remaining competitive in the North American market.

This webinar is part of a recurring series examining significant labor and employment developments impacting businesses in Mexico.
