Event

Jan 28, 2026

2:00 pm - 3:00 pm EST

Global engagement presents significant opportunities for schools, particularly in recruiting and supporting international students and employees, but it also requires careful attention to immigration and compliance obligations. This webinar will provide practical guidance on immigration compliance issues impacting international students and school operations, including visa considerations, sponsorship issues, and applicable regulatory requirements. The session will also address risk management considerations related to general hiring and onboarding, including interviews, background checks, employment agreements, policies, and protocols, as well as international field trips, including policies, protocols, releases, and effective parent communications.

The firm is submitting this webinar for HRCI/SHRM credit.
