# FP AI FORUM | AI CHATBOTS IN THE SPOTLIGHT: WHAT EVERY BUSINESS NEEDS TO KNOW

Event

Apr 14, 2026

1:00 pm - 1:30 pm EDT

AI chatbots are doing more than answering customer questions these days. They're showing up in hiring, HR, and worker engagement, "talking" with your applicants and workers. And as some recent state law activity has shown, regulators are starting to catch up. The legal landscape is just starting to form, and you'd be best served by staying ahead of the curve.

Join a conversation with the Co-Chair of FP's AI, Data, and Analytics team, Usama Kahf, for a practical breakdown of the current AI chatbot landscape. Chief Content Officer Rich Meneghello will chat with Usama (pun intended) about what's driving the adoption of chatbots, what new state laws signal about where regulation is headed, and the best practices every business should have in place before the rules find them.

The firm is submitting this webinar for HRCI/SHRM credit.
