DANIELLE KAYS DISCUSSES AI SMART GLASSES IN THE WORKPLACE WITH LAW360

News
Apr 10, 2026

In an interview with *Law360*, **Danielle Kays** provided guidance on the legal challenges posed by AI-powered smart glasses in the workplace as their use becomes increasingly prevalent. With regard to creating workplace policies aimed at AI-powered smart glasses, Danielle emphasized that "being proactive is a great recommendation [for employers], but of course, they are here, and they are already popping up with employee use."
